Fanwood Mayor  
Colleen Mahr with  
council candidate  
Kevin Boris and  
Councilman  
Russ Huegel.

We're your friends and neighbors  
*building a brighter future for Fanwood.*

## In these tough times, we've worked hard to bring progress to Fanwood. Now, we need your help to keep Fanwood moving in the right direction.

### Revitalizing our Downtown

Everyone has seen it. We're bringing redevelopment to our downtown — and that's good for the whole community. New businesses, new jobs, more ratables — all aimed at easing the tax burden on our residents.

### Making Shared Services a Real Priority

It's always hard to merge services with neighbors, but we're accomplishing it. We were the first town in Union County to share a police dispatch center, saving almost \$240,000. Now we're standing up for Fanwood as we explore sharing services with other communities. Our goal is keep Fanwood a place we can all afford to call home.

### Making Fanwood the model for communities across New Jersey.

By making tough choices over the years, Fanwood was able to reduce the size of government without sacrificing services. In fact, the 2011 budget calls for a tax decrease. Reducing costs for our families and neighbors is our top priority, and will remain so as we build toward the future.
